About This Game

Neverwinter Nights: Enhanced Edition adds all-new enhanced features to the content of Neverwinter Nights Diamond Edition.

Slink through the shadows as a deadly half-elven rogue, wield fearsome magics as a powerful gnomish sorcerer, vanquish your foes as an armor-clad dwarven paladin... whatever hero you create, incredible adventures await.

Discover magic, wonder, and danger at every turn on your own or with friends in these classic Dungeons & Dragons adventures.

Enhanced Features:

- **Improved Display:** Your portrait, combat bar, inventory, and other UI elements adjust in size based on your chosen resolution including 1080p and 4k.
- **Advanced Graphics Options:** Pixel shaders and post-processing effects make for crisper, cleaner visuals. Enable contrast, vibrance, and depth of field options as preferred.
- **Community Endorsed:** Original developers have teamed with key members of the Neverwinter Nights community to curate important fan-requested improvements to support players, storytellers, and modders.
- **Backwards Compatibility:** Works with save games, modules, and mods from the original Neverwinter Nights. A galaxy of community created content awaits.

-
- **Restored Multiplayer:** A completely rebuilt multiplayer system makes it easy to find online persistent worlds and game with friends
 - **More Modder Opportunities:** Toolset quality-of-life improvements, shaders, filters, texture maps, and a new material systems allow creators to make amazing looking models and modules.

All the content of Neverwinter Nights Diamond Edition:

The original Neverwinter Nights campaign: Find yourself at the center of intrigue, betrayal, and dark magic in Neverwinter Nights. Journey through dangerous cities, monster filled dungeons and deep into uncharted wilderness in search of the cure for a cursed plague ravaging the city of Neverwinter.

Two expansion packs:

- **Shadows of Undrentide:** Another adventure begins in Shadows of Undrentide! Charged by your master to recover four ancient artifacts, travel from the Silver Marches to unravel mysteries of a long-dead magical civilization.
- **Hordes of the Underdark:** Continue the adventure started in Shadows of Undrentide and journey into the ever-more bizarre and hostile depths of Undermountain to challenge a gathering evil.

Three premium modules:

Discover over 40 hours of new stories, then go on to sample the hundreds of modules created by community members just like you.

- Kingmaker
- ShadowGuard
- Witch's Wake

The Aurora Toolset: Build your own world full of unique monsters, items, traps, encounters, and settings, then share your creation with the rest of the Neverwinter Nights community. (Windows only)

Dungeon Master Client: Become the storyteller! Control monsters, creatures, and characters your players will meet over the course of an adventure.

Neverwinter Nights: Enhanced Edition 1.76:

The next stable patch for Neverwinter Nights: Enhanced Edition is live! If you have been following the Development branch announcements, you know what's coming!

This patch focuses on stabilisation and addresses issues found since the previous update shipped. In particular, the patch includes fixes for the majority of Intel-GPU related crashes.

The full list of changes since v1.75 (Build 8176) is:

Client Changes. NWN Toolset: Enhanced Edition. Try the new updates and share your feedback:

Hello, friends!

We've been substantially updating the Neverwinter Nights Toolset, and want you to test our newest build which adds tons of fixes, optimizations, & new features!

Grab the new Neverwinter Nights: Enhanced Edition Toolset build at [this link](http://forums.beamdog.com) [forums.beamdog.com], test it out, and share your feedback!

We've uploaded an out-of-band update for the Toolset so that content creators could test it without having to wait for a patch (which will take a while with the work on the renderer and 64-bit integration).
