## About This Content

The **Wartile Original Soundtrack** sets the mood for encounters with the cursed Lost Norse, vikings invading foreign coastlines and the sacrificial feast of Juleblot.

This beautiful piece of atmospheric music is composed by the veteran composer and sound designer Simon Holm List ( [TikTakTones.com](http://TikTakTones.com) ). With 20 years of experience working with sound and music for computer games, Simon's talent for music has really come together for this viking epic.

The soundtrack in both mp3 and flac formats can be found in the Steam directory:
